MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with Dranesville District Supervisor
on 21 May 1982

1. The undersigned met with Mrs. Nancy Falck, District Supervisor, Fairfax County, to apprise her of the current status of New Building planning.

2. Mrs. Falck was already aware of the Virginia Department of Highways & Transportation (VDH&T) developments with respect to Routes 123 and 193 improvements. She has questioned VDH&T representatives closely and has faith in the \$2.5 million estimate the State has put forward.

3. She was obviously well aware of A&E selection activities since the fact that two local firms are in competition was already known to her.

4. The only new information to her was the writer's statement that road funding had been included in the Building budget. To this she responded that she would ask Congressman Wolf and Senator Warner to approach the White House and emphasize the importance of the roads funding.

5. As on previous occasions, Mrs. Falck volunteered praise for the cooperation the Agency is demonstrating in dealing with the local community.
